APPENDIX K: VOTING ON POLL¹²

The Articles of Association of listed companies stipulates that:

For the benefit of the shareholders, the Exchange believes that if one or more resolutions at the general meeting would be voted through poll, it is important that shareholders are informed about the procedures on how voting would be carried out. As such, listed companies would be required to circulate this appendix at the general meeting should voting by poll be demanded. The procedure on voting should also be explained by the Chairman of the general meeting.

Scrutinizing Votes on Poll

The SPSE also requires the listed company to appoint its auditor or an independent person who is an acceptable person by SPSE, as scrutineer to decide the validity of votes cast at a general meeting and whether the votes that should have been disregarded were disregarded.

Voting Procedures

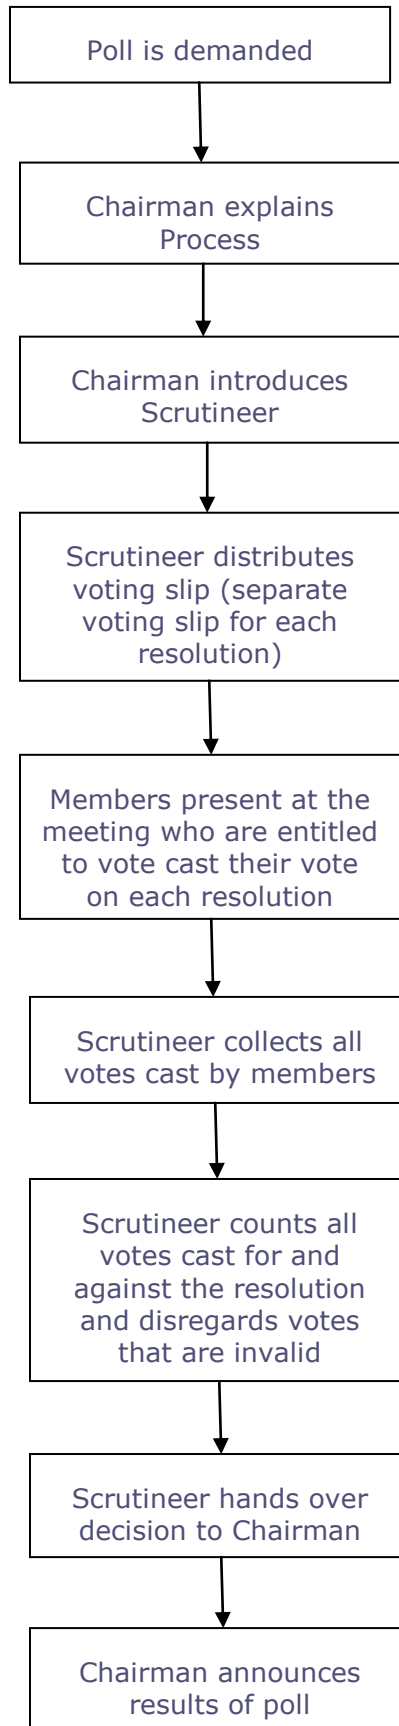

If a poll is duly demanded, it shall be taken in such manner as the chairman directs, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

A poll demanded on the election of a chairman or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such time as the chairman of the meeting directs, and any business other than that upon which a poll has been demanded may be preceded with, pending the taking of the poll.
